THE VOLETTE, MARTIN, TENNESSEE

Kroll Novel Outstanding

"Lost Homecoming," Mr. Kroll's

latest novel, published six weeks ago, is included in the 75 best novels published by all publishers this year, according to the New York Herald-Tribune list of out-standing titles, Dec. 10 issue. An earlier novel of Mr. Kroli's, "Cabin in the Cotton," which was

published in 1932 also received outstanding recognition at the time when it was selected as one of the 100 best books of a fiveyear period.

LOST HOMECOMING Harry Harrison Kroll's recen

book, Lost Homecoming, tells of a small town in the South where a boy who was a so-called "white trash" aharecropper became a very popular man several years later by writing a novel of his youth.

Although many changes have been made in his home place and surroundings, since he has been away, Darie Darius will never forget the happenings of his childhood

He had left Cottontown to write his book, and now he is returning to speak at the world premiere of the movie based upon his life. The week he stays in Cottontown brings both disappointment and giadness. He visits in places where he used to go, and meets many old friends. He remembers the times when he was hungry and poor, working on Mr. Pierce's plantation. Miss Louie Ivey, Mr.

Pierce's wife who, Darie thought, was so wonderfui, and her niece, Ciara Beil. Darle had always liked her, but he knew that his opportunity to go with her would never come.

Darie Darius had left Cottontown with Ollva, the woman who at me like that when I say, "I later became his wife. Oliva does not return to Cottontown with

him, probably because she knew what it would be like; but he knows that he can always go back to her.

An important character in the book is Biggs, a colored boy, who is Darle's best friend. Biggs keeps Darie out of trouble or helps him when he needs heip. Even after

the many years they have been apart, on Darie's return for the movie they find they are still friends.

While Darie has been away Biggs has gotten an academic degree; however, he has not forgotten his old ways of talk. He too ls writing a book. Biggs has planned for the future, but Darle stlil seems to be looking for something.

Darie's mother is mentioned as a strong, hard-working person. She worked for her family in an untiring way. Through her the family kept their desire to improve and succeed, even though Darle's father was very insignificant.

Clara Bell enoys the week Darie is in Cottontown. She realizes he is a poor boy who has made good. Yet it is still necessary for her to keep their meetings secret from

Many plans and ideas are sug-gested during the week, but at the close Darie goes back home to his His week of homecoming

Large Crowd Attends Presentation Of The Messiah

On Sunday, December 3, 1950, the Martin Choral Club and the University of Tennessee Junior College Chorus presented Handel'. "Messiah." The soloists were Mrs. Betty Humphries Cook, Mrs. Barbara Polk Woosley, Mr. Bill John-son, and Mr. Jerry Williams of Murray State Teachers College Miss Harriet Fulton, of the Junior College, directed the chorus and Mrs. Harry Walters of Martin actes as accompanist.

The "Messiah" is without doubt Handel's masterpiece; it appeals to the loftiest sentiments and universal religious devotion. This sublime work was written in twenty-three days. It has retained its hold upon the public for a cen-tury and a half, and at the present day it is more frequently per-formed than any other oratorio ever written. The "Messiah" was firat performed at Dublin on April 13, 1742, for a charlty benefit, When it was first performed ln England in 1743, King George II was so impressed that he and all the audience stood when the "Hallelujah Chorus" was aung. This ls a reverent custom that is observed to this day.

In 1784, when the Handel commemoration took place in Weat-minster Abbey, an orchestra of ers with a chorus of two hundred

the deciding third game. The Reds took the match by a de-clsive 15-5 win in the final game. Nance's team won the first game

1 10 and Lipford's Reds took the second 15-6. This made the Biacks

Looking at Sports

We would like to start this column this issue by giving ourselves a pat on the back. Our readers (we hope there are some) will recall our prediction of the Tennessee-Ken tucky game as Tennessee 6; Kentucky 0. We trus, you note the score was 7-0, and that is closer than any of the national "experts" came. Oh, well, yours truly comes by it naturally. We said Truman would win in '48 too.

The Bowl Games

team, with Aarlon Willhauck as captain, pitted its strength and stamina against Empson Walker's Brown team. They knocked the ball around with vigor, and the end of the match found the Green team the winner by scores of 15-7 and 15-12. Since they won two straight, no third game was nacessary. The Bowl Games Now here are our predictions for the January 1 bowl games (and if you lose your money betting our way, don't ask if we can spare a dime; buddy, we can't). We'll say the same again about the Tennessee game. IF they get ahcad they will play defensive ball and win 7-0. If Texas scores first, both teams will score and Texas will win by 13 points. We say Michigan will take California (tho they shouldn't) by some four or five points ard don't ask us to exulain how and some four or five points and don't ask us to explain how such a difference is possible. We got it by using Prof. Sad er's incalculable calculus text. What might well be the best game 1°10 and Lipford's Reds took the second 15-6. This made the Blacks see "Red" and they were out for blood. They proved it by winning the final third game 15-5, giving them their second match and the Reds a 1-1 record. The same day Walker's Brown team, losers of their first match, played Gregory's strong White team, winners of its first match, The Whites took the first game easily, winning 15-5; but the Browns upset the Whites in the next game, 15-10. In the third

Girls' Intramurals

Joy Brown . . .

With the 1951 intramural sea-son officially opened and well on its way, we find much enthusiasm among the players and spectators although not too many sports have heen played.

The play-off has yet to come in all sports, but we have a pretty good ldea of who will be volley ball champs. It is between the Green and Brown teama. We can't take si es, so here's luck to both

Hevolags Win 89th In Row

Yes sir, folks, that's right. The mighty Hevelags las-night won their 89th basketball game in a row as they fight won their osth basketball game in a row as they trampled Kentucky in the grit by a mere 94-55 in the opener of a double-header for No. 88 and then came back to upend 'ast year's national champs, CCNY, 77-72. The 77 points against CCNY was the lowest scored by the Hevolags since their revival in 1950 and was also the first game they have won by less than 19 points. No doubt it was partly due to won by less than 19 points. No doubt it was partly due to their playing fuil 10 minute games against Kentucky and CCNY within a period of three hours. But, as Coaches of the mid-century's greatest marvel, Henson and Vaughn said, "We have run out of opposition. Teams won't p ay us any more unless we agree to play two games per night. At that our defense was a bit ragged since by our contract we had to give Kentucky a 25 point handicap. Means they scored 30 points against us. Guess Rupp thinks he gained a moral victory.

scored. Campbell's kick was low Junior Vols could not have had only the score remained, N.E 7. Such a fine team. The boys in the line were constantly opening gestion for the new athletic name for the Junior Vols. How holes for the Vol hacks and stop. We hit upon it we'll leave to you—and also this tip, fellows, we have the latest Hadacal islam.
